Introduction

Welcome to your Forecast Report

This report shows the astrological trends influencing your life over a period ranging from days to months or years, depending on the time frame used.

The duration of each trend is indicated by a starting date, an ending date and strongest influence date. Further, an influence may begin before the time frame of the report or end beyond it.

The accuracy of the timing of the forecasts is dependent on the accuracy of the birth time. Be prepared to slide the sequence of trends either forwards or backwards in time if necessary. In some instances, there may be interpretations that repeat themselves. This is due to the cyclical and forward and backward motion of the planets activating points on your chart more than once in the period under review.

As you will find, the forecast interpretations can be positive and/or challenging. Their effects can be experienced either directly personally or through events in the lives of others in the environment. Some trends will be more apparent than others, while others may be subtler. What is most important is how you respond to them.

We trust you will find the report insightful and helpful.

Transits

Before Apr 1 2021 to April 30, 2021, Transiting Neptune is Square your Natal Mars

During this period, you can expect to experience difficulties achieving your objectives, because your energies and self-motivation are lower than usual. In fact, under this influence you will often feel quite tired and powerless. Physically, your body is unusually prone to infection at this time, so increased consideration to your health is advisable. Mars, in your horoscope, represents the force that enables you to actively go after what you want in life. It is your ego-drive, competitive spirit, willpower and vigour. Neptune, on the other hand, is associated with the sensitive, illusionary, yielding and drifting side of your nature. It also represents chaos, deception and vagueness. Under Neptune's influence, Mars cannot act decisively or effectively. Consequently, you feel weakened and ineffectual. This can lead to frustration and a misdirecting of your vital energies. This is not a good time to start a new enterprise, expand a business or take on a challenge, because you will not have the vitality required for total success. Ideally, new sexual liaisons should not be initiated now, as there is a risk of deception, unreliability and, in certain circumstances, infection. Guard against being exploited.

Before Apr 1 2021 to May 13, 2021, Transiting Jupiter is passing through your 3rd House

During this transit, your day-to-day life will seem very busy. There will be more and more people coming and going in your immediate environment. Relations with relatives and neighbours should be relatively harmonious at this time. You may be more mobile

now and inclined to take more short journeys than usual. This is an excellent time for learning new things and expanding your knowledge. It is also a favourable time for writing and communicating with others.

Before Apr 1 2021 to May 31, 2021, Transiting Pluto is Conjunct your Natal Pluto

This transit can only occur in early infancy. It may signify physical sensitivity during these months.

Before Apr 1 2021 to April 23, 2021, strongest around April 7, 2021, Transiting Moon's North Node is Opposition your Natal Ascendant

Anticipate a socially active period, with the urge to have contact with other people. Getting out and about and doing things in conjunction with others. Enjoying company and shared experiences. Alternatively, there can be minor tensions in relationships caused by a lack of adaptability.

Before Apr 1 2021 to May 9, 2021, strongest around April 15, 2021, Transiting Saturn is Sextile your Natal Ascendant

This can be a very good time for improving your relationships with people across the full spectrum of your life - including family, friends, acquaintances and professional contacts. You have a lot of patience with other people now and nothing is too much for you where others are concerned. Older and mature people are beneficial to you now and you can learn a lot from them.

Before Apr 1 2021 to September 27, 2021, strongest around May 1, 2021 and August 21, 2021, Transiting Neptune is Opposition your Natal Neptune

This can be a spiritually enriching period. You will have an increased interest in spiritual, metaphysical and creative subjects. You could possibly face a "crisis of meaning"; with the ideals you've shaped your life upon going under the microscope for evaluation. As this is a potentially confusing period, it is best to avoid stimulants and intoxicants now.

April 16, 2021 to April 29, 2021, strongest around April 22, 2021, Transiting Jupiter is Conjunct your Natal Moon

In general, this is a positive and harmonious transit. You feel more emotionally optimistic and secure than usual and can express your feelings to others more easily. Family and domestic matters seem to go well at this time and buying or selling real-estate, or moving home is favoured under this transit. Even if you don't move house or invest in property, this is an excellent time for making improvements to your home, such as alterations and redecorating. On the personal front, you can expect to relate well to people; you will seem to have an instinct for others' needs. Women, in particular, can be beneficial in your

life at the moment. This is one of the best times for travelling overseas, making foreign connections or having visitors from far-off places come to stay.

May 13, 2021 to July 28, 2021, Transiting Jupiter is passing through your 4th House

This is one of the best periods for buying and selling real estate or for making improvements to your home. If you have the desire, or the opportunity, to change your residence, you should do so now because it will prove to be a worthwhile move. Domestic matters are well-aspected and any tensions that may exist within the family can be improved upon.

May 29, 2021 to July 16, 2021, strongest around June 19, 2021, Transiting Uranus is Sextile your Natal Sun

This can be a stimulating and exciting time for you, during which you get to experience new adventures and come into contact with people who are quite different from yourself. You may travel to exotic places, take up unusual interests and learn new things. Your ability to assert your independence and individuality is easier now than at other times. Other people respond well to your ideas and appreciate your originality.

June 6, 2021 to July 17, 2021, strongest around July 1, 2021, Transiting Saturn is Sextile your Natal Ascendant

This can be a very good time for improving your relationships with people across the full spectrum of your life - including family, friends, acquaintances and professional contacts. You have a lot of patience with other people now and nothing is too much for you where others are concerned. Older and mature people are beneficial to you now and you can learn a lot from them.

June 13, 2021 to June 27, 2021, Transiting Jupiter is Trine your Natal Venus

While not an especially strong transit in its outward effects, Jupiter in harmonious aspect to Venus can make for a pleasant and relaxing interval. If you are aware of its timing well enough in advance you may like to plan a short holiday or social occasion to coincide with its duration, because either should be successful. Travel is also well-aspected under this influence. Relationships tend to go well now.

June 22, 2021 to June 28, 2021, Transiting Neptune is Trine your Natal Mercury

During this period, you are highly intuitive, receptive and imaginative. Your powers of perception, inspiration and imagination are accentuated now. Creative writing, music and the visual arts can all flourish under this influence. You tend to understand subtle things

more easily now; however you probably won't be able to say exactly how or why you know something. You will be able to relate to others with more feeling now and you may even experience extra sensory perception on occasion.

July 13, 2021 to August 10, 2021, strongest around July 29, 2021, Transiting Moon's North Node is Conjunct your Natal Uranus

You have the inclination to make and break contacts suddenly and unexpectedly now. The company you keep at this time may unsettle others.

July 28, 2021 to December 28, 2021, Transiting Jupiter is passing through your 3rd House

During this transit, your day-to-day life will seem very busy. There will be more and more people coming and going in your immediate environment. Relations with relatives and neighbours should be relatively harmonious at this time. You may be more mobile now and inclined to take more short journeys than usual. This is an excellent time for learning new things and expanding your knowledge. It is also a favourable time for writing and communicating with others.

August 2, 2021 to December 7, 2021, Transiting Pluto is Opposition your Natal Mercury

This transit has the effect of re-aligning your mode of thinking and forcing you to look at things in a new or different way. Your awareness is changing now, either through an inner process of intellectual regeneration, or because of external events that impact upon your thinking. This is an excellent transit for carrying out research work. You are not interested in light and trivial matters now; instead you feel driven to gain a deeper understanding of life. As a communicator, your powers of persuasion are accentuated now and successes as a speaker or writer are possible during this period. However, as your mind is more acute and critical now, there may be a tendency for you to hold extreme views and to get into fierce arguments with others. There can be exposure to prejudice or subversion from others.

August 5, 2021 to September 4, 2021, strongest around August 19, 2021, Transiting Saturn is Trine your Natal Uranus

This is a good period to make changes in your life, introduce reforms or incorporate new working methods, because you know what your limits are and what is acceptable to others. You are not likely to encounter any major obstacles or delays in your attempts to bring new things into being.

August 12, 2021 to August 27, 2021, strongest around August 20, 2021, Transiting

Jupiter is Conjunct your Natal Moon

In general, this is a positive and harmonious transit. You feel more emotionally optimistic and secure than usual and can express your feelings to others more easily. Family and domestic matters seem to go well at this time and buying or selling real-estate, or moving home is favoured under this transit. Even if you don't move house or invest in property, this is an excellent time for making improvements to your home, such as alterations and redecorating. On the personal front, you can expect to relate well to people; you will seem to have an instinct for others' needs. Women, in particular, can be beneficial in your life at the moment. This is one of the best times for travelling overseas, making foreign connections or having visitors from far-off places come to stay.

August 23, 2021 to February 28, 2022, strongest around September 29, 2021 and January 29, 2022, Transiting Neptune is Square your Natal Mars

During this period, you can expect to experience difficulties achieving your objectives, because your energies and self-motivation are lower than usual. In fact, under this influence you will often feel quite tired and powerless. Physically, your body is unusually prone to infection at this time, so increased consideration to your health is advisable. Mars, in your horoscope, represents the force that enables you to actively go after what you want in life. It is your ego-drive, competitive spirit, willpower and vigour. Neptune, on the other hand, is associated with the sensitive, illusionary, yielding and drifting side of your nature. It also represents chaos, deception and vagueness. Under Neptune's influence, Mars cannot act decisively or effectively. Consequently, you feel weakened and ineffectual. This can lead to frustration and a misdirecting of your vital energies. September 11, 2021 to November 9, 2021, Transiting Saturn is Opposition your Natal Moon's North Node

This can be a testing time for you and others, especially with people who are close to you. Casual contacts are less likely to affect you as much. Other people seem to get in your way or frustrate you at the moment - intentionally or unintentionally. Whichever it is, be patient and exercise self-control, because if you lose your cool, you may harm a perfectly good relationship unnecessarily. Still, not all relationships are guaranteed to survive this transit. Strong and secure ones will; weak and negative ones may not. Estrangements and separations can occur under this influence.

September 23, 2021 to November 16, 2021, strongest around October 22, 2021, Transiting Uranus is Sextile your Natal Sun

This can be a stimulating and exciting time for you, during which you get to experience new adventures and come into contact with people who are quite different from yourself. Other people respond well to your ideas and appreciate your originality.

October 12, 2021 to October 23, 2021, Transiting Jupiter is Trine your Natal Mars

"Successful action" is the main feature of this transit. However, because it is a "soft" aspect you need to motivate yourself and act with a sense of purpose, if you want to experience its benefits. This is an excellent period for business matters, negotiations and for starting new projects, providing there aren't other more powerful transits from the stronger planets to contend with also. Your sense of timing is very good now and, as luck will seem to have it, you will probably conveniently find yourself in the right place at the right time. Relations with others can improve now and disputes can be sorted out.

On the personal front, you can expect to relate well to people; you will seem to have an instinct for others' needs. Women, in particular, can be beneficial in your life at the moment. February 3, 2022 to February 12, 2022, strongest around February 8, 2022, Transiting Jupiter is Square your Natal Uranus

Expect the unexpected with this transit, but don't presuppose that what you experience will necessarily be to your liking, because any transit involving Uranus is going to be unpredictable. Positively, this is a period in which sudden opportunities could present themselves and offer you the chance to break out of old routines and experience new things. For instance, you may have to suddenly contend with new conditions in your work, or you meet someone who influences you profoundly. Some people even have sudden financial windfalls or the chance to travel. Definitely, you will want to make changes for the better under this influence and you should receive plenty of signals, by way of intuitive flashes, as to how to do this. Occasionally, this transit is preceded by an intense feeling of tension which suddenly releases when it becomes exact. One word of caution, you could annoy others and consequently miss good opportunities now, if you display an intolerant attitude or contradict people for the sake of it. Legal matters are best avoided now, if possible, as their outcome is difficult to predict. In fact, if conflicts of any description do arise, it is in your best interests to try and nip them in the bud, lest they become exaggerated out of all proportion.

February 4, 2022 to February 24, 2022, strongest around February 15, 2022, Transiting Moon's North Node is Square your Natal Moon

During this period, you will strive to establish emotional contact with others. Women, in particular, can be influential in your life at this time. Family ties may dominate your

thinking now - there could be a coming together of family members or a drifting apart. Spiritual unions can be made or broken now.

February 18, 2022 to February 26, 2022, strongest around February 22, 2022, Transiting Jupiter is Square your Natal Ascendant

During this period, your personal and professional relationships should take a noticeable turn for the better; however you will need to be adaptable with others in order to get the best results. You are more open to the influence of others now, and people will seem favourably disposed towards you. There are opportunities for joint endeavours, which will prove to be mutually beneficial in the long run.

February 22, 2022 to March 2, 2022, strongest around February 26, 2022, Transiting Jupiter is Trine your Natal Sun

This should be a comparatively relaxed and harmonious period for you. Whatever you want to achieve at this time you will. However, your successes now are equivalent to the efforts you put in. A problem is that you may be inclined to just kick back and enjoy the feeling of contentment associated with this transit. Travel, business or financial matters can all be beneficial now, if other factors support these. Also, you are presently well-aspected for making contacts with people who can help you socially or professionally.

Other people respond well to your ideas and appreciate your originality.

March 21, 2022 to Beyond Apr 6, 2022, Transiting Neptune is Trine your Natal Mercury

During this period, you are highly intuitive, receptive and imaginative. Your powers of perception, inspiration and imagination are accentuated now. Creative writing, music and the visual arts can all flourish under this influence. You tend to understand subtle things more easily now; however you probably won't be able to say exactly how or why you know something. You will be able to relate to others with more feeling now and you may even experience extra sensory perception on occasion.

March 27, 2022 to April 5, 2022, strongest around April 1, 2022, Transiting Jupiter is Square your Natal Mars

This is an essentially positive transit; however there are pitfalls to be aware of that can lessen its positive effect. Firstly, there can be a proneness to immoderate activity. Secondly, you may feel motivated to take risks that you wouldn't ordinarily take. Thirdly, you can project an over-inflated sense of your own self-importance to others. In all instances the outcomes could be an unravelling of your good efforts. Yet, if you can keep a sense of perspective, plan your moves well and remain circumspect during this period, the potential for success in any undertaking is almost certain. This is an excellent period for business matters, negotiations and for starting new projects, providing there aren't other more powerful transits from the stronger planets to contend with also. Your sense of timing is very good now and, as luck will seem to have it, you will probably conveniently find yourself in the right place at the right time. During this period, you could come into contact with refined, creative, inspired or imaginative people.

April 1, 2022 to Beyond Apr 6, 2022, strongest around April 5, 2022, Transiting Jupiter is Opposition your Natal Neptune

At this time, you are especially susceptible or vulnerable to external influences. You are at risk from viewing life and others through "rose-tinted glasses". Take particular care with "sure bets" and "get-rich-quick schemes", because there is a very real danger now that your ability to make financial judgements is impaired. Also, should this transit coincide with a medical concern, you could benefit from obtaining a second opinion. Positively, your inner and spiritual life is enhanced now; more so than at just about any other time. Your interest in metaphysical subjects is likely to grow now and you may experience unusual insights. If you are in any way musical, artistic or creative, you can

expect your powers of inspiration and imagination to get a boost now.
